Help us move towards a more sustainable campus environment!

Princeton University’s Transportation and Parking Services offers several programs to promote a cleaner and more sustainable campus environment, along with incentives to actively participate in alternative modes of transportation to and from work.

Ridesharing (Carpool and Vanpool)  
- $50 gas card for all participants every 3 months  
- One-time introductory $25 gas card when joining (carpool only)  
- Provided vehicle, inclusive of regular maintenance (vanpool only)  
- Dedicated campus parking spaces  
- Emergency ride home service

Mass Transit  
- 50% reimbursement of monthly transit passes for graduate students and full-time benefits-eligible employees

Car Sharing  
Car sharing provides convenient and affordable access to cars for short and extended periods of time without the expense of car ownership. Services are provided by Enterprise Car Share.

Bike Sharing  
Bike rentals by Zagster are available at several locations on campus. For more information, visit zagster.com/princeton.

To learn more about Transportation Demand Management programs and initiatives, or to sign up, visit www.princeton.edu/transportation/tdm.

Parking in University Lots
Parking in Princeton University parking lots is by permit only. To obtain a permit, all vehicles must be registered with Transportation & Parking Services.

West & North Garages
Access to the West and North Parking Garages requires a University Transponder device. Transponders are only issued to permit holders who are assigned to the West and North Garages.

Prior to receiving a valid parking permit, applicants are responsible for reading Princeton University Parking Rules and Regulations, found online at www.princeton.edu/parking.

Notice to All Permit Holders
Permit holders must park in the assigned lot and zone indicated on the vehicle hangtag. Parking in an unassigned lot within a designated zone is permissible ONLY when assigned lot is full.

After receiving your parking hangtag, consult the map on the back of this page to locate your assigned zone and parking lot.

Hangtags must be appropriately displayed in vehicles when parking in University lots. Hangtags should be removed when driving to avoid obstructed views.

Parking in an unassigned lot within a parking lot.

Permit holders must park in the assigned lot and zone indicated on the vehicle hangtag. Parking in an unassigned lot within a designated zone is permissible ONLY when assigned lot is full.
